

Florida
Data Science
for Social Good

Big Reveal

Please join us for a presentation on the results of the 2017 Florida Data Science for Social Good (DSSG) projects. The DSSG interns have been working on the Mayo clinic, Changing Homelessness, and Yoga 4 Change projects during a 10-week intensive data science internship program offered at the University of North Florida. At the event, DSSG interns will discuss findings and reveal insights gained from the projects.

MONDAY, AUGUST 7, 2017

4:30 PM TO 6 PM

Nonprofit Center of Northeast Florida

40 E Adams St., Jacksonville, FL 32202

Reception will be held after the presentations.

**Event is free but
RSVPs are required.**

"We are social trustees of knowledge doing social good."
