

FLORIDA DATA SCIENCE
FOR SOCIAL GOOD

Big Reveal

Please join us for a presentation on the results of the 2022 Florida Data Science for Social Good (FL-DSSG) projects. The DSSG interns have been working on the Cathedral Arts Project, League of Women Voters of Florida, and GameFace 4:13 Training Academy projects during a 12-week intensive data science internship program offered at the University of North Florida. At the event, DSSG interns will discuss findings and reveal insights gained from the projects.

Big Reveal is hybrid event with in-person and online attendance options.

TUESDAY, AUGUST 23, 2022

4:30 PM TO 6:30 PM

WJCT Studio A

100 Festival Park Ave., Jacksonville, FL
